

# **JOSHUA TREE NATIONAL PARK ASSOCIATION**

**SPONSORSHIP & MEMBERSHIP OPPORTUNITIES** 

WWW.JOSHUATREE.ORG

The Joshua Tree National Park Association has been supporting programming at Joshua Tree National Park since 1962. As the park's primary non-profit partner, we operate four visitor centers and two park stores that are often the first stop for visitors from around the world; offer a field institute with classes taught by experts in natural sciences, cultural history, the arts, and wellness; and raise funds via donations and our membership program.

JTNPA works diligently to provide Joshua Tree National Park with the funds needed for important programs and projects within the park. Some of these programs and projects include the Desert bighorn sheep monitoring program; the Desert tortoise tracking program; science research grants for post-graduate students; the Joshua Tree seed collecting initiative; and Junior Ranger program materials – just to name a few.

Our Mission: Joshua Tree National Park Association works in partnership with Joshua Tree National Park to help in its achievement of programing goals in education and interpretation, along with scientific and historical research and activities.

- Funds needed to provide aid to JTNP for important programs **150K** and projects

### JOSHUA TREE NATIONAL PARK ASSOCIATION: ORGANIZATION HISTORY

#### 1962

Joshua Tree National Park History Association was born.

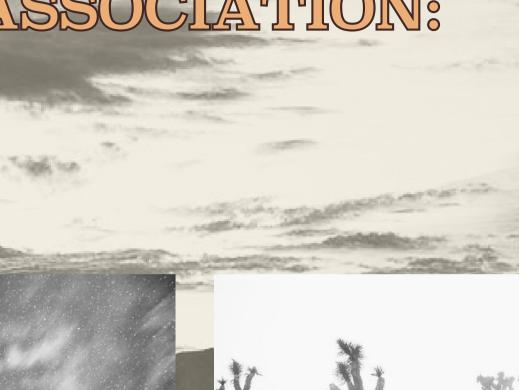

#### 1994

JT National Monument becomes a national park and Joshua Tree National Park History Association turns into JTNPA.

#### 2006

JTNPA buys Joshua Tree Visitor Center, the top performing visitor center often being the first stop for visitors.

#### 2022

JTNPA becomes a Friends Group, allowing it to actively fundraise for specific park programs and projects.

## DESERT INSTITUTE SPONSORSHIP

Desert Institute is not a school in itself; rather, we contribute to the national park's education and interpretation programming goals. Throughout the year, we offer field classes, recreational adventures, and social events that span a wide spectrum of disciplines and formats. Natural science courses such as geology, bird and wildflower identification, and nature photography make up the backbone of our programming—however, the desert also supports an abundance of cultural activities, which are just as much our identity and as valuable as the wild lands of the park. Our programming works to articulate and animate the rich resources of not only the national park, but of our surrounding desert environs and the community of people that make Joshua Tree the unique place it is. All proceeds from courses and Desert Institute activities go right back into the park.

#### Sponsor a Desert Institute Season: \$15,000
